## WHY DIGFINLIT ?

Did you know that global trends are steering towards digital financial services? In the ever-evolving landscape of the Digital Age, being financially literate in the digital realm is crucial! The DigFinLit project team is committed to creating resources and providing training to help you navigate the digital financial landscape with confidence and ease.

## AIM OF THE PROJECT

The project aims at developing the upskilling Learning Hub “Digital financial literacy: be smart with your money in the digital age” to enhance digital financial skills as part of the entrepreneurial key competence, which allows learners to make informed and thoughtful personal financial decisions.

---

## OBJECTIVES

- Motivate adult learners to enhance their digital financial literacy to ensure socioeconomic inclusion and equity.
- Provide learners with flexible and digitally-transformed learning opportunities to develop digital financial skills as an important part of entrepreneurial competence.
- Ensure digital assessment of learners’ skills needed to have a good level of digital financial literacy.
- Improve the competences of adult educators to facilitate digital learning pathways.

## OUTPUTS

Digitally-transformed **Learning Hub including:**

- Motivational workshop “Am I ready to make good digital financial decisions in my life situations?” with a set of 3 open educational resources (OER);
- E-Pool for adult learners “Enhancing digital financial literacy to be smart with my money” to develop their digital financial skills based on 5 Nano Open Online Courses (NOOCs);
- Assessment tool with a digital badge for learners;
- A set of digital pedagogy methodologies for adult educators-facilitators.
