

DIGITAL FINANCIAL LITERACY FOR SOCIO-ECONOMIC INCLUSION AND EQUITY

2023-1-LT01-KA220-ADU-000151748

Welcome to the second newsletter of the DigFinLit project!

In this newsletter, you will learn about the purpose of the project, its results and progress, as well as the team behind DigFinLit.

PURPOSE OF THE PROJECT

The DigFinLit project focuses on the creation of a learning platform called 'Digital Financial Literacy: Be smart with your money in the digital age'. Its purpose is to improve digital financial literacy, an essential component of entrepreneurial competence, to help participants make informed decisions in managing their personal finances.

RESULTS BY WORK PACKAGES

- **WP1 - Management:** Holding of the first meeting with local stakeholders.
- **WP2 - Awareness raising and motivation workshop:** Development of case studies presenting real situations on digital financial management. Development of an e-Guide to improve digital financial literacy skills. Creation of interactive readings and real life stories, allowing learners to learn from authentic experiences and reflect on their own financial decisions.
- **WP3 - Development of Scenarios and NOOC:** Creation of a matrix that helps to structure training contents. Development of NOOC (Nano Open Online Courses) scenarios to facilitate the learning of specific competences.
- **WP4 - e-Toolkit:** This work package is still in a start-up phase.
- **WP5 - Dissemination campaign:** An active dissemination campaign is underway, aiming to raise awareness of the project through our social media, website and local partnerships, ensuring that the information reaches adults interested in improving their digital financial skill

SECOND MEETING

The second project meeting took place in Valladolid in October 2024. It was a great opportunity for partners from Lithuania, Cyprus, Spain and Austria to discuss the progress of the project. The main work packages were addressed, where each partner brought their unique experience, making the discussions vibrant and collaborative.
